

Rohan Tembhurune

Junior Frontend Developer

Maharashtra, India | +91 8080389832 | tembhurnerohan4@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated Junior Frontend Developer with hands-on experience building responsive, production-style web applications using React.js and TypeScript. Skilled in component-based UI development, state management with React hooks, API integration, and writing tests with Jest and React Testing Library. Built and deployed two live React applications (RNT Mart, FlowAI) with public GitHub repositories. Eager to contribute to a development team and grow as a frontend engineer.

TECHNICAL SKILLS

- **Languages & Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frameworks & Libraries:** React.js, React Hooks (useState, useEffect, useContext)
- **Styling & Tooling:** Tailwind CSS, Vite, Git, GitHub
- **Testing:** Jest, React Testing Library
- **Concepts:** Responsive Web Design, Component-Based UI, REST API Integration, CRUD Operations, State Management, Debugging & Problem Solving

PROJECTS

RNT Mart – Modern React E-Commerce Website

[Live Demo](#) | [GitHub](#)

- Built a responsive React e-commerce website featuring 20+ product listings with category-based filtering, deployed live on Vercel.
- Developed 10+ reusable React components, including product cards, navigation, cart, and checkout UI.
- Optimized the interface for mobile, tablet, and desktop screen sizes using Tailwind CSS.
- Managed application state (cart, filters) using React useState across multiple connected components.
- Wrote unit tests with Jest and React Testing Library to verify core cart and filtering behaviour.

FlowAI – AI SaaS Landing Page

[Live Demo](#) | [GitHub](#)

- Developed a modern AI SaaS product with a marketing landing page (8+ sections) and a multi-tab dashboard (Overview, Automations, AI Assistant, Insights, Team) using React, TypeScript, Vite, and Tailwind CSS, deployed live on Vercel.
- Built 10+ reusable React components, including analytics widgets (time saved, automation rate, tasks completed) with week-over-week trend indicators.
- Used React useState/useContext to manage UI state (navigation, tab switching, toggles) across components.

SOFT SKILLS

Communication • Problem Solving • Time Management • Adaptability • Team Collaboration

CERTIFICATIONS

- Introduction to Front End Development — *August 2026*

EDUCATION

Bachelor of Arts (B.A.) – Pursuing (*Expected 2028*)

Kisan Rao Khobragade College, Vairagad | Gondwana University, Gadchiroli

Higher Secondary (12th) – Science Stream

CAREER OBJECTIVE

Seeking a Junior Frontend Developer opportunity where I can apply my React.js, TypeScript, JavaScript, HTML, and CSS skills, contribute to real-world web applications, and continue building strong software engineering and testing practices.
